Dw Design Series 5 piece kit in the black satin finish. Full stand/equipment set. DW 9000 series double bass pedal. Upgraded Evans drum heads. Full set of Meinl cymbals. Traveling cases for drums and stands. Leather stick bag with diverse stick/mallet set and drum keys. The drums have been used for ~1 year and the cymbals ~1.5 years. Everything was bought brand new except for the ride cymbal. Everything still in great condition. The bass drum has some minor blemishes on the exterior and the hi-hat stand has one broken bolt but still functions properly and solid. A detailed list of each item is in the images provided.

You can watch the drums in action on my youtube channel:

Asking price for everything: \$4500

(Did not include the price of cases, stick bag, or drum heads in the appraisal)

****Cymbals can be sold separately but everything besides cymbals is a package deal****
